

**FOR IMMEDIATE RELEASE**

**SALIENT SYSTEMS ANNOUNCES 3.4 RELEASE WITH ACTi AND BOSCH INTEGRATION**

**AUSTIN, TX (January 27, 2010)** – Salient Systems announces CompleteView™ release 3.4 which includes 16 x 9 widescreen view support, enhanced live view layout creation, Disable Server Processing which dramatically increases the number of IP camera feeds which can be recorded to one server and offers integration to ACTi and Bosch camera products plus Agent Vi video analytics.

“This release version is a ‘robust’ offering for our resellers and end user customers” says Per Hanssen, President of Salient Systems. “We have included features which benefit our users, such as wide screen support, optional title bars, free form and snap-to-grid layout configurators, while at the same time, we have stayed true to our commitment to keep CompleteView the ‘easiest to use’ video management system on the market today” added Hanssen. “We are proud to partner with quality companies like Bosch, ACTi and Agent VI and we continue to develop important product partnerships for ongoing releases.”
