**FOR IMMEDIATE RELEASE**

## **SALIENT SYSTEMS PARTNERS WITH AGENT VI**

**AUSTIN, TX (October 17, 2009)** – Salient Systems Corporation announces the integration of its CompleteView Video Management System with Agent Vi's real-time video analytics software, Vi-System.

“The partnership with Agent Vi optimizes our advanced video management platform and enables users of CompleteView to benefit from real-time detections and alerts. Security staff can proactively respond to events and incidents as they unfold” says Per Hanssen, President of Salient Systems. “Video analytics provides valuable business intelligence and operational information, which coupled with CompleteView, delivers a sophisticated video surveillance product for our user community” added Hanssen.

“As a provider of true open architecture video analytics software, we are pleased to partner with Salient Systems – an acknowledged and trusted manufacturer of video surveillance management solutions. The integration of Vi-System with CompleteView significantly expands our product offering, and strengthens Agent Vi's position as a leading provider of video analytics solutions” said Itsik Kattan, CEO of Agent Vi.

### **About Salient**

Salient Systems Corporation offers network friendly, comprehensive IP and Analog video surveillance management systems built on the foundation of open standards and open architecture. CompleteView is scalable and provides everything needed to manage a multi-server enterprise video system from a single desk-top. Salient Systems CompleteView can be found in state and local government agencies, municipalities, K-12 and higher education campus settings as well as industrial and commercial real estate enterprises.
