

RS2 ACCESS IT! INTEGRATION

Salient and RS2 Technologies have joined forces to create a powerful, integrated access control and video surveillance system that combines the two technologies for a complete security solution. The combined solution automatically associates access control and video incidents, and provides search and reporting capabilities accessible through both product interfaces.

With a comprehensive set of fully integrated video and access control security features, the Access It!® System and CompleteView™ VMS solution provides actionable information with live viewing and playback features, advanced PTZ control, as well as email notification capabilities for a faster response to security incidents.

With CompleteView, you can do the following on your Access It! system:

- Utilize the bidirectional capabilities to record on event and search for access control events within the CompleteView interface, including credential holder name, type of event, and reader name
- Display cameras from the video system
- Play back recorded video associated with a specific alarm from CompleteView with full playback control (play, stop, pause, frame by frame)
- View and manage cameras from multiple NVR's simultaneously

FEATURES

Record on event from triggers and respond to video motion detection alarms with live camera view on demand (with CompleteView Spotlight View)

Recorded video is automatically associated to events

Video playback for management of alarms and events

CompleteView provides a true video surveillance system with capabilities, such as logical camera grouping, email or text alerts, flexible FPS settings and web browser support

Fully scalable

TECHNICAL SPECIFICATIONS

Integrated Solution Functionality	
Video Feature	
Integrates analog, IP, megapixel and HD video feeds into Access It! interface	Yes
Built in support for analog cameras, IP cameras and encoders	Yes
Simultaneous support for MJPEG, MPEG-4 and H.264 video formats	Yes
View live video within Access It!	Yes
Playback recorded video within Access It!	Yes
Search and playback events from Access It! within CompleteView	Yes
Recorded video automatically associated to alarms	Yes
View and manage cameras from multiple CompleteView NVRs simultaneously	Yes
PTZ camera control	Yes
Display current recording status of cameras	Yes
Live video window popup on event (with CompleteView Spotlight)	Yes
Playback controls include Play, Stop, Skip to	Yes

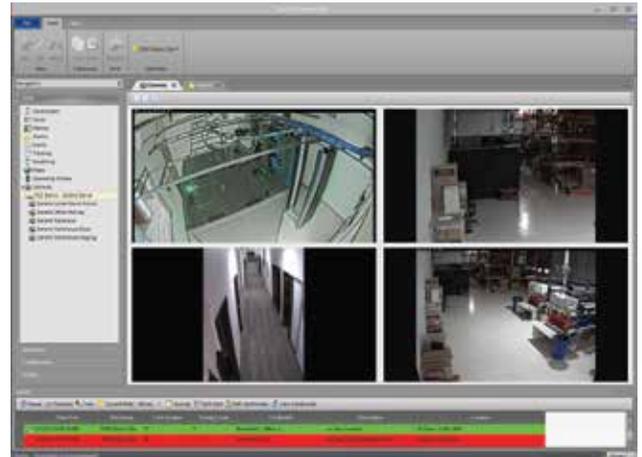

Access It! Version	Compatible CompleteView Version
v2 - v8.1	v4.7 - v5.5
