

Spaces4Learning Announces 2022 New Product Award Winners

DALLAS, July 29, 2022 – *Spaces4Learning* has announced the winners of its 2022 New Product Awards. *Spaces4Learning* is a leading publication for education institutions, the architectural community, service providers and others interested in creating high-quality facilities. The brand's magazine, website and digital products bring together a broad array of vital resources and services that keep facilities professionals abreast of current issues, trends and research; provide professional development opportunities; and connect those sharing a common interest.

The New Product Award program honors the outstanding product development achievements of manufacturers and suppliers whose products or services are considered to be particularly noteworthy in their ability to enhance the learning environment.

"The 2022 *Spaces4Learning* New Product Award winners feature a broad array of education providers, from flooring to HVAC to A/V and digital technologies," said David Nagel, editorial director of *Spaces4Learning*. "We congratulate all of our winners and thank them for the work they're doing for education."

A panel of judges from the industry selected the following winners in the seventh year of this contest:
