Security Today 2022 New Product of the Year Award Winners Announced

DALLAS, August 31, 2022 - _Security Today_ magazine, the leading industry media brand providing technology, education and solutions for security professionals, and securitytoday.com, the preeminent editorial website for the security industry, has announced the winners of the _Security Today_ 2022 New Product of the Year Award.

The _Security Today_ New Product of the Year Award honors the outstanding product development achievements of security equipment manufacturers whose products are considered to be particularly noteworthy in their ability to improve security. In the 14th successful year of the independently juried contest, winners were honored in 47 product award categories.

"After hosting this New Product of the Year program, I am struck with the intense effort by manufacturers, who exceed last year's entries. We are fortunate to have so many entries and applaud every entry for the ingenuity and painstaking efforts to ensure the security business is meeting the technology challenges," said Ralph C. Jensen, editor in chief of _Security Today_ magazine. "New Product of the Year confirms to me that the best and the brightest are completely invested in their craft and have strategic plans to bring new technology to the forefront."
