

Spaces4Learning Announces 2023 New Product Award Winners

DALLAS, July 13, 2023 – *Spaces4Learning* has announced the winners of its 2023 New Product Awards. *Spaces4Learning* is a leading publication for education institutions, the architectural community, service providers and others interested in creating high-quality facilities. The brand’s magazine, website and digital products bring together a broad array of vital resources and services that keep facilities professionals abreast of current issues, trends and research; provide professional development opportunities; and connect those sharing a common interest.

The New Product Award program honors the outstanding product development achievements of manufacturers and suppliers whose products or services are considered to be particularly noteworthy in their ability to enhance the learning environment.

“We congratulate all of our 2023 *Spaces4Learning* New Product Award winners and thank them for the work they’re doing for education,” said David Nagel, editorial director of *Spaces4Learning*. “Our winners are helping to make the nation’s schools safer, cleaner, more sustainable, and more conducive to fulfilling the mission of education in every way.”

A panel of judges from the industry selected the following winners in the ninth year of this contest:
